Hearing on the Division of Cape Elizabeth This Week.

TAXATION OF VESSEL PROPERTY ALSO TO BE CONSIDERED.

Saturday's Business Session was Short and Adjournment Taken in Respect to the Memory of the Late Hon. John L. Stevens—Representative Keegan is Nursing a Large Grievance—The Week's Business.

(Special to the PRESS.)

Augusta, February 9.—The event of the week in legislative circles has been the passage of the resolve providing for the building of the new insane hospital at Bangor. The resolve was passed to be enacted in the House today and will probably receive the Governor's signature during the coming week. The resolve itself is the best explanation of the way in which the work will be done. It is as follows: "Resolved, that the Governor, with the advice and consent of the executive council, shall appoint a board of three commissioners, to whom shall be joined (as an advisory member) the superintendent of the Maine Insane Hospital. Their reasonable expense shall be paid while they are engaged on the commission and they shall also receive reasonable compensation, the amount of which shall be fixed by the Governor and certified to by their successors, who shall be appointed in the manner aforesaid whenever vacancies occur) to be known as the Eastern Maine Insane Hospital commission. All bills for the service of said commission shall be examined and approved by the Governor and council, and paid out of the appropriation for building said hospital. Said commission are hereby directed to take immediate steps to erect, construct and complete in a manner to be fire-proof, at an early period as possible, and not later than January 1, 1897, upon the site at Bangor already purchased by the state for the purpose, buildings for the accommodation of the insane of the state; after plans to be selected by them, subject to the approval of the Governor and council. For that purpose the sum of \$75,000 is hereby appropriated, to be expended during the year 1895, and the year 1896, under the direction of said commission as herein provided. Said commission is hereby authorized and empowered to lay any drain or sewer that may be necessary from the said site to the Penobscot river, and enter therein below the dam; and for that purpose may cross any land, highways or railroads that may be necessary. Damages for the same shall be adjusted in the same manner as provided by law for the settlement of land damages incurred by railroads. The Governor and council are hereby authorized to draw warrants upon the state treasurer in favor of said commission from time to time, to the amount of the appropriation herein provided."

purpose of taxation. Wednesday evening comes another installment of the hearing on the listing bill.

Tuesday afternoon, the judiciary committee will give a hearing on the amendment to the "Hawker's and Peddler's Act." Thursday afternoon the insurance committee will give a hearing on all the important matters before them.

SATURDAY'S SESSION.

This morning's session of the Senate was very quiet and devoted mostly to routine business. The State college resolve is assigned for consideration next Thursday when the act amending the charter of the Portland Trust company will come up on its passage to be enacted. Mr. Hume objected to the provision "that no sureties be required on the bond of a corporation when acting in the capacity of executor, trustee or assignee." This would give a corporation immunities not enjoyed by individuals. He proposed an amendment similar to the provision in the charters of other trust companies that such bond shall not be given unless required by the court officer approving such bond.

Life of Augustus, said in the House: "Hon. John L. Stevens who died at his residence yesterday morning, formerly was a member of both branches of the legislature. As a mark of respect to his memory I move that the House do now adjourn. The motion was put and the House adjourned."

The bill to exempt agricultural societies from taxation was tabled.

There Will be a Smoke and Water Sale. Gardiner, February 10.—A fire occurred at 4 o'clock last night at a brick block on Water street owned by Ephraim Hatch and occupied by Fred I. Friend & Co., clothiers, loss in stock, mostly by smoke and water is \$12,000; covered by insurance. The loss on the building is \$800; also covered by insurance. The origin of the fire is unknown.

A BATTLE IS IMMINENT.

Mexican Troops Advancing Into the Disputed Territory.

St. Louis, February 10.—A City of Mexico dispatch says: Telegrams received here yesterday by the commissary department ask for transportation from the frontier for the supplies for 6,000 men and announce the movement by that number of men into the disputed territory. This body of men have been encamped at San Cristobal three weeks all ready to jump across the border. Guatemala has a strong guard in the disputed strip and fights are sure. In official circles here it is said no forward movement has been ordered.

A TOUCHING SERVICE.

To the Memory of Gloucester Fishermen Lost at Sea.

Gloucester, Mass., February 10.—A memorial service for the fishermen lost at sea this port the past year was held this afternoon at the Universalist church, and most of the local clergy assisted in the exercises. The names of 123 men drowned from here the past year were read, out of which number only 23 bodies were recovered and buried on shore.

SHORT OF COAL.

The Maverick Obligated to Abandon a Barge at Sea.

New York, February 10.—Captain Rubell, of the steamer Maverick, belonging to the Standard Oil Company, arrived this morning and reported that he was obliged to abandon barge No. 58 at sea Friday night and make port for coal. The crew of the barge consisted of Captain C. G. Farran, an old schooner captain, who hails from Groton, Conn., an engineer, fireman and seven sailors, ten men in all. Whether these men are still alive or not is mere conjecture. The gale blowing off shore, has undoubtedly driven the barge far out to sea in spite of her anchors. Barges have been dropped in a similar manner before, and found again after several days.

Captain Rubell began coaling up today, preparatory to going in search of the barge.

Lost Forefall.

Provincetown, Mass., February 10.—The schooner Thomas W. Lawrence, Captain Handy, from Poole's Landing, Me., for Charles City, has arrived here. She reports the loss of the foreboom and forefall, which have been out in all the late gales. On Saturday, ten miles east of Thatcher's Island, she passed a large steamer bound west, apparently in distress.

Is Badly Iced.

Quarantine, N. Y., February 10.—The tug Carrie A. Ramsay reports the schooner Jennie C. May, anchored off the High Islands, and Captain St. John wished to be reported. His crew are all frost-bitten, and the schooner is very badly iced and very difficult to manage. She is bound from Boston for Boston, with coal, and will proceed as soon as the weather is favorable.

THE WEATHER.

Slightly Colder.

Boston, February 10.—Local forecast for New England for Monday: Fair, slightly colder Monday night, westerly winds. Washington, February 10.—Forecast for Monday: Fair, northeast winds.

Local Weather Report.

Portland, Me., Feb. 10.—The local Weather Bureau office records as to the weather the following: 8 a. m.—Barometer, 29.823; thermometer, 7.2; dew point, 1; humidity, 76; wind, W; velocity,
